PROFESSIONAL SUMMARY

Community technologist pairing a day job in library services with six shipped civic-technology projects.

CORE SKILLS

Python | Data Cleaning | Community Outreach | Grant Writing

EXPERIENCE

Library Technology Assistant | City Public Library | 2021–2026

- Supported 200 weekly patrons across public computing and device-lending programs

SELECTED PROJECTS

Transit Desert Mapping | Open Data Collective | 2025

- Mapped bus-access gaps for 40 neighborhoods using GTFS feeds

Food Pantry Scheduler | Neighborhood Aid Network | 2024

- Built a volunteer-shift scheduler used by 11 pantries

Ballot Measure Explainer | Civic Literacy Project | 2024

- Wrote plain-language explainers read by 90,000 voters

Heat Map Sensor Network | Climate Resilience Lab | 2023

- Deployed 25 street-level temperature sensors and published weekly readings

Library of Things Catalog | City Public Library | 2022

- Cataloged 700 non-book lendable items into the discovery layer

Rental Inspection Tracker | Tenant Rights Coalition | 2022

- Digitized 5 years of paper inspection records into a searchable index

EDUCATION

B.S. Information Science — State University | 2020
